Probst Receives Professional Faculty Excellence Award

8-23-00

Dr. Glen W. Probst

On Aug. 21, Dr. Glen W. Probst received the Karl G. Maeser Professional Faculty Excellence Award at the Annual University Conference held in the Marriott Center on the BYU Campus. The award recognizes outstanding achievement in fulfilling professional faculty responsibilities and is made possible by the generosity of the Karl G. Maeser Scholarship Society.

As Director of the English Language Center for over 20

years, Professor Probst has carefully but quietly built the ELC almost from scratch. The students who come to learn English have received the highest educational experience. He has built and maintained a world-class organization that has served as a model for similar institutions worldwide.

Because of an intense, worldwide demand for English as a second language, Professor Probst has also prepared and disseminated literally thousands of pages of useful material internationally.

His materials and training are responsible for the highly successful Deseret Industries ESL program that has "graduated" many workers into the marketplace, and his professionalism has influenced thousands of people here and throughout the world.

As a graduate of Wasatch high School, Dr. Probst received his BA and MA degrees from BYU and his Ph.D from The Ohio State University in Columbus. He is the son of Karl L. and Cree Probst, deceased, and is married to the former Venetta Hullinger, of Vernal.

They are the parents of 10 children and 14 grandchildren.
